2025 PEBTF Open Enrollment October 20 to November 7, 2025 For Medicare-Eligible Retirees and COBRA Members

Your Retired Employees Health Program (REHP) Aetna Medicare Open Access PPO and the SilverScript Prescription Drug Plan continue for 2026.

For 2026:

- **Copays** – your copays remain the same. You pay \$20 to see your primary care physician (PCP) and \$30 to see a specialist.
- **Deductible** – your Aetna Medicare Open Access PPO annual deductible may change, as it is based on the Medicare Part B 2026 deductible. Aetna will send you a notice when that information is available.
- **Providers** – see any health care provider or hospital, as long as they are eligible to receive Medicare payments and are willing to bill and accept payment from Aetna. No referrals are needed to see specialists.
- **Medicare Part B premium** – the premium, which is deducted from your Social Security check if you collect Social Security benefits, is subject to change each year.
- **Prescription drug** – SilverScript, an affiliate of CVS Caremark®, continues as your Medicare Part D prescription drug plan. The copays remain the same for 2026. For more information visit www.pebtf.org or rehp.silverscript.com.

Coming Soon! New PEBTF Website

We're excited to announce that a brand new PEBTF website is on the way! It will have a fresh new look that will make finding benefit information even easier. And it's mobile friendly.

We hope to roll it out in the coming months. Stay tuned for updates and sneak peeks on www.pebtf.org.

Do I need to take any action?

- You do not need to do anything. You will continue to be enrolled in Aetna Medicare Open Access PPO and the SilverScript Prescription Drug Plan offered by the REHP in 2026. **Do not enroll in another Medicare plan, whether through Aetna or another carrier.**
- You may remove dependents from your coverage who do not have a qualifying event (i.e., divorce, other coverage, etc.). That change would be effective January 1, 2026.

IMPORTANT REHP MEDICARE BENEFITS

Continued from page 1

- You may opt out of REHP benefits. If you opt out, you will need to enroll in other medical and prescription drug coverage outside of the REHP. In addition, you are only allowed one opportunity to re-enroll in REHP benefits once you have opted out. See page 4.

If you have a family member enrolled in your benefits who is not eligible for Medicare, you will also receive a Non-Medicare Open Enrollment Newsletter. The Non-Medicare Open Enrollment is being held **October 13 to October 31, 2025**. If you do not receive the Non-Medicare Open Enrollment Newsletter, visit the PEBTF website, www.pebtf.org or contact the PEBTF at 1-800-522-7279.

SilverScript Prescription Drug Plan

The Medicare Prescription Payment Plan continues for 2026. You can make monthly payments throughout the year instead of paying for the total cost of the prescription at the pharmacy. The payment plan may be beneficial for members who take high-cost prescription drugs. If you take lower-cost medications or generic drugs, you would continue to pay low copays at the pharmacy and may not be interested in a payment plan.

To enroll in the Medicare Prescription Payment Plan, visit the SilverScript online portal by going to www.rehp.silverscript.com and clicking on the General tab, call SilverScript Customer Care or mail-in a request. If you have any questions, you may contact SilverScript at 1-866-329-2088.
